

VOICE BANKING

Community of Practice

WHO

Are you interested in the evolving world of voice banking? Join a diverse and multidisciplinary international community of professionals, including speech pathologists, data scientists, administrators and others who are passionate about its impact on people's lives.

WHAT

This group will offer **webinars** featuring expert speakers, software demonstrations, and discussions on the latest advancements in voice banking technology. **Monthly topics** will spark discussions, and members can **ask questions** at any time, share experiences, and learn from each other.

WHERE

This group uses the **Google Groups** platform. The Google Group e-mail allows members to send messages to a single address. All members of the group will receive these messages straight to their inbox. Members can choose to receive every message or a summary.
